ROUTE ALERT LIST

PRINCE GEORGE'S COUNTY

- MD 5-P, Deer Pond La - The total length of this road has increased from 0.20 to 0.25 miles and the mile points have been adjusted from 0.00-0.20 to 0.24-0.49 due to new development on its southern end; mile points 0.00-0.24 are not indicated as SHA-maintained, and have been designated as Other Public Route (OP) 5594.
- MD 198 couplets - The Data Services Engineering Division has begun a project to inventory both directions of selected routes in Maryland. As a result, some couplet inventories have been removed and combined with their respective directional inventories. This process is ongoing, and subject to change.
- MD 200, Intercounty Connector - The extension to US 1 and the CD lanes along IS 95 per contract D/E of the ICC project were still under construction and not yet open to the public in 2013. The inventory and mile points in the current HLR reflect pre-construction conditions, and are subject to change.
- MD 223 - Due to the re-positioning of the barricade at mile point 0.00 (near Livingston Road) under contract PG7865177, and the realignment at Rosaryville Rd/Haislip Way under contract PG6295176, all mile points on this road have been adjusted, and the total length has changed from 12.65 to 12.63 miles.
- MD 223-I, Haislip Way - newly assigned route; constructed under contract PG6295176.
