Pete K. Rahn, Secretary

*State Police Medevac helicopters can quickly reach anyone in Maryland to transport them to a trauma center. MSP crews have flown more than 130,000 victims to trauma and specialty care centers.*

*State Highway's CHART program monitors traffic and responds to incidents 24 hours a day, 7 days a week. Emergency traffic patrols assist 50,000 stranded motorists each year.*

*Welcome to Maryland, where your safety is our priority!*

Choose Safety for Life. and B-SAFE:

Buckle up (It's Maryland law!)

Slow down - speeding kills (particularly during time of reduced visibility).

Always driver sober.

Focus.

Everyone share the road - everyone gets home.

Learn more at www.choosesafetyforlife.com

*AVOID DRIVER DISTRACTIONS- Texting, reading text messages, and hand-held cell phone use are illegal in Maryland. Commercial truck drivers are permitted to use push-to-talk technology.*

**REMEMBER TO:**

- Make sure you are rested before beginning your trip and recognize the warning signs of drowsy driving.
- Plan your trip in advance, especially during inclement weather. Log on to www.roads.maryland.gov and then click on CHART for live traffic conditions including planned lane closures.
- Inspect your vehicle, equipment, and loads. Always cover and secure your load properly.

*Thank you for driving professionally and setting a good example for all Maryland drivers.*

## Map Index

To locate a city, town or place on this map, use the letter and number after each name. The intersection of the corresponding number and letter in the map border will give the location.
★ Indicates cities, towns and places shown in greater detail on the reverse side.
