Contract No. BCS 2024-01

Description: Survey and Engineering
Services, District 3

EXPRESSION OF INTEREST ADDENDUM NO #2

To All Consultant Candidates:

Please be advised that the Expression of Interest (EOI) delivery date for this contract has been changed from **12:00 PM (NOON) on March 7, 2024**. The Expressions of Interest (EOI) are now due on **March 22, 2024, by 12:00 PM (NOON)** and must be submitted through the eMaryland Marketplace Advantage (eMMA) as outlined in the advertisement. Expression of Interest received after the deadline will not be accepted no matter how they have been transmitted.

CLARIFICATION TO ALL CANDIDATE

- Q1: It would be great if you could help explain the reason that the expertise in highway, pedestrian, and bicycle facility is being sought for the hydraulics engineer. Would think this kind of expertise belongs to highway engineers, not hydraulic engineers.
- A1: **The work of the Hydraulics Engineer can be better performed if they have had experience working on hydraulics portion of highway/roadway projects. Their work is directly related to the geometrics of the highways, and ped & bike facilities. They need to have an understanding and experience of handling such projects. They design for all highway/roadway drainage facilities including pedestrian and bicycle paths. The hydraulics engineer adequately sizes drainage facilities to convey design flows across highways and other associated facilities within the right of way.**

THE SIGNED ADDENDUM MUST BE INCLUDED IN THE EXPRESSION OF INTEREST SUBMISSION VIA EMMA.
