Daisy Lane at Glenn Dale Road Drainage Remediation Project Notification

On or about Monday, January 11, 2021, the Prince George's County, Department of Public Works and Transportation (DPW&T) will begin work on the Daisy Lane at Glenn Dale Road Drainage Remediation Project. E&R Services, Inc. will perform storm drain system installation along Daisy Lane, continuing to Glenn Dale Road (MD 953), between Daisy Lane and Dubarry Street. This work is scheduled to be performed from 7:00 AM to 4:00 PM daily until completed in 90 days.

To complete this work, crews are permitted to close lanes in both directions on Glenn Dale Road (MD 953) between Daisy Lane and Dubarry Street. During the lane closures, drivers will be able to pass, using a single lane with traffic flaggers, to detour around the work zone. Additionally, pedestrians will be directed to the safest crossings on the opposite side of Glenn Dale Road. DPW&T will provide video messaging boards in early January providing notification of the upcoming work.

For more information about this DPW&T project, please contact Ms. Elizabeth McKinney, Construction Manager, at 240-508-0634 or emckinney@co.pg.md.us.
