**Let us handle all of your traffic control needs from beginning to end**

**PERMITS • TRAFFIC CONTROL • ON SITE PLACEMENT • ARROW BOARDS • CRASH TRUCKS • SIGNS**

Beginning Tuesday, July 5<sup>th</sup> through July 8th, 2022 at 9:00pm, Balfour Beatty will perform paving work at 7373 Wisconsin Avenue on Montgomery Avenue from Wisconsin Avenue through the intersection of Waverly Street. Weather and progress permitting, all work should be complete no later than 5:00am each morning. During this time, a single lane will remain open on Montgomery Avenue.

Beginning Saturday, July 9<sup>th</sup> through July 15th, 2022 at 9:00pm, Balfour Beatty will perform paving work at 7373 Wisconsin Avenue on Montgomery Avenue from Wisconsin Avenue to Waverly Street. Weather and progress permitting, all work should be complete no later than 5:00am each morning. During this time, a single lane will remain open on Montgomery Avenue.

To complete this work, crews are permitted to close one lane at a time on Montgomery Avenue within the project limits. Traffic Engineering Services will direct all pedestrian and vehicular traffic through the work zone during all working hours. Drivers can continue to use Montgomery Avenue as one lane will remain open during the operation.

Those with questions regarding this work, should contact Lauren LeVardi, Traffic Engineering Services Project Coordinator, at 443-531-8228.

Thank you,

**Lauren LeVardi**
