DEFINITIONS

Overall Technical Rating: The combined adjectival rating of the Proposer’s response to the Request for Qualifications and Request for Proposals.

Adjectival Rating Definitions: The Technical Evaluation Factors and the combined Technical Proposal were rated by an adjectival (qualitative/descriptive) method. The following adjectival ratings were used in evaluation of each technical evaluation factor and the overall technical rating of the Proposal.

Exceptional: The Proposer has demonstrated a complete understanding of the subject matter. The Proposal communicates an outstanding commitment to quality by a highly skilled team in all aspects of the Work. The Proposal contains significant strengths and minor Weaknesses, if any.

Good: The Proposer has demonstrated a strong understanding of the subject matter. The Proposal communicates a commitment to quality by an experienced team in all aspects of the Work. The Proposal contains strengths that outweigh the Weaknesses.

Acceptable: The Proposer has demonstrated an adequate understanding of the subject matter. The Proposal communicates a commitment to quality Work by a qualified team. The Proposal contains strengths that are offset by Weaknesses.

Unacceptable: The Proposer has not demonstrated an understanding of the subject matter. The Proposal fails to meet stated requirements and/or lacks essential information. The commitment to quality is not adequate, with Work performed by unqualified or unproven teams. The Proposal contains Deficiencies, significant Weaknesses and minor strengths, if any.

Price Proposal: The total price of all items as listed in the Schedule of Prices.

Number of Credit Acres: Number of Credit Acres that the proposer's project will achieve.

Evaluated Price: The *Price Proposal* divided by the *Number of Credit Acres*.

***** When determining which Proposer's submittal is most advantageous to the State, the relative importance of the Evaluated Price is greater than the Technical Proposal.**
